MEASURING GUIDE

PLACE HEEL TO THE EDGE OF THIS PAPER

5 cm

Follow these simple steps to find your Next shoe size

Print this page out at 100%

Do not fit to page. To make sure your computer has printed this guide to the correct size, please check the accuracy against the ruler.

10 cm

Step 1

Place the top edge of the guide against a wall.

Step 2

Stand your child on the guide with heels pushed back against the wall. The inside of the feet should be level with the black line in the centre.

15 cm

Step 3

To find your child's shoe size measure to the end of the longest toe. (If the toe is between numbers, this indicates a half size.)

20 cm

Step 4

To find the width of your child's foot check against the corresponding shoe size to see which shaded area the widest part of the foot sits in.

If the two sizes are different, use the biggest size when ordering your shoes.

25 cm
