SLEEP  
IN  
SILK

Cluster ball premium synthetic fibres blended with silk for a filling that is super soft. The fibre is supremely breathable, regulating body temperature to keep you warm in the winter and cool in the summer. The range contains duvets, pillows and a mattress topper, which are machine washable for the convenience of washing at home.

## DUVET

Features a soft touch microfibre fabric with a seer sucker contemporary design, which drapes beautifully around the body and over the bed. Finished with a bound edge and a wave stitch design which gives this product a luxurious finishing touch.

## PILLOWS

Contain a premium micro fibre cluster filling which moulds to the shape of your head for ultimate comfort. The cluster filling can be easily re-plumped to ensure the pillows maintain shape and fullness. Features a soft touch peach skin microfibre cover. Available in a soft and medium support, perfect for front and back sleepers.

## MATTRESS AND PILLOW PROTECTORS

A diamond quilted stitch design adds a luxurious finishing touch. Features a soft touch polyester cover.

## DUCK FEATHER & DOWN

We only use 100% new feathers and down in all our products so they are resilient and last even longer. Duck feather and down is thermally efficient, trapping air more effectively. The ability to trap air for a long time means you will also keep warmer for longer. Generally feather and down feels lighter than synthetic fibres. This range is available in duvets, pillows and topper. Machine washable for the convenience of washing at home.

### DUVET

The filling is held securely in squares or walled pockets so that it is kept in place for even overall warmth. The piped finish is both attractive and adds durability. 100% cotton outer makes the duvet highly breathable. Available in a variety of togs for all weather type.

### PILLOWS

Duck feather and down pillows mould to your head and neck to provide soft and comfortable support. Duck feather and down maintains its resiliency, continuing to give you support for longer. The combination of the duck feather and down and the cotton casing makes the pillow highly breathable. Available in medium and firm support, perfect for back and side sleepers.

### TOPPER

Luxurious topper with a combination of duck down for softness and duck feather for support. 100% cotton outer makes the topper highly breathable. Topper depth approx 3cm and fits mattress depth up to 30cm.

## GOOSE FEATHER & DOWN

We only use 100% new feathers and down in all our products so they are resilient and last even longer. Goose down clusters are bigger than duck clusters so they are loftier and more luxurious. Goose feather and down is thermally efficient trapping air more effectively. The ability to trap air for a long time means you also keep warm for longer. Generally feather and down feels lighter than synthetic fibres. This range is available in duvets and pillows. Machine washable for the convenience of washing at home.

### DUVET

Goose feather and down duvets drape softly and hug the body of the sleeper so they feel warmer in colder weather. The filling is held securely in squares or walled pockets so that it is kept in place for even overall warmth. The piped finish is both attractive and adds durability. 100% cotton outer makes the range highly breathable. Available in a variety of togs for all weather type.

### PILLOWS

Goose feather and down maintains its resilience, continuing to give you support for longer. Goose feather and down pillows mould to your head and neck to provide soft and comfortable support. The combination of the Goose feather and down and the cotton casing makes the pillow highly breathable. Available in medium support, perfect for back sleepers.
