IMPORTANT - RETAIN FOR FUTURE REFERENCE

BEFORE YOU START

IMPORTANT - RETAIN FOR FUTURE REFERENCE - READ CAREFULLY.

This child's bed conforms to BS EN 747:2012

WARNINGS

Routinely check that the upper safety rail and ladder attachment is secure and tighten any fittings using the appropriate tools.

All assembly fittings shall always be tightened properly. Screws shall not be loose because a child can squeeze parts of the body, or clothing (e.g. strings, necklaces, ribbons for babies, dummies, etc.) could get caught. There would be danger of strangulation.

WARNING: Children can become trapped between the bed and the wall. To avoid risk of serious injury the distance between the top safety barrier and the wall shall not exceed 75mm or shall be more than 230mm.

WARNING: Do not use this child's bed if any part is broken, torn or missing.

WARNING: High beds and the upper bed of bunk beds are not suitable for children under six years due to risk of injury from falls.

Do not leave items such as ropes, strings, cords, harnesses and belts attached to or hung to the bunk/high bed due to the risk of strangulation.

Children are likely to play, bounce, jump and climb on beds, therefore the child's bed should not be placed too close to other furniture or windows, and should be placed either tight to any wall or have a gap of 300mm between the wall and the side of the bed

Do's

When you are ready to start, make sure that you have the right tools and plenty of space. Due to the size of the product we recommend that it is assembled in the room intended for use.

Unwrap all packaging materials and place the components on a clean surface to protect it from damage,

We recommend that the packaging is used to protect the surfaces during assembly. Carefully check that you have all the parts before beginning assembly.

To clean your item, wipe with a soft cloth slightly dampened with water. Then buff with a dry clean cloth.

This bed is designed to be used with a mattress with the following dimensions H17 x W90 x D190cm.

Please ensure that the mattress depth does not go past the permanent mark on the post/Upper Safety Barrier.

Please periodically check all fittings and re-tighten as necessary

Don't s

Do not drag or pull your furniture.

Do not use silicone based furniture polish. Silicone in furniture polishes can break down the finish.

Do not stand or jump on this product

Number of people required to assemble

Two persons are required to assembled

This exploded view diagram illustrates the assembly of a wooden cabinet. The components are labeled as follows:

- 1**: Front panel of the left cabinet door.
- 2**: Back panel of the right cabinet door.
- 3**: Top panel of the left cabinet door.
- 4**: Bottom panel of the left cabinet door.
- 5**: Top panel of the right cabinet door.
- 6**: Bottom panel of the right cabinet door.
- 7**: Middle panel of the left cabinet door.
- 8**: Middle panel of the right cabinet door.
- 9**: Drawer front panel.

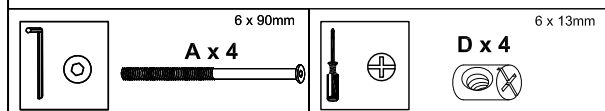

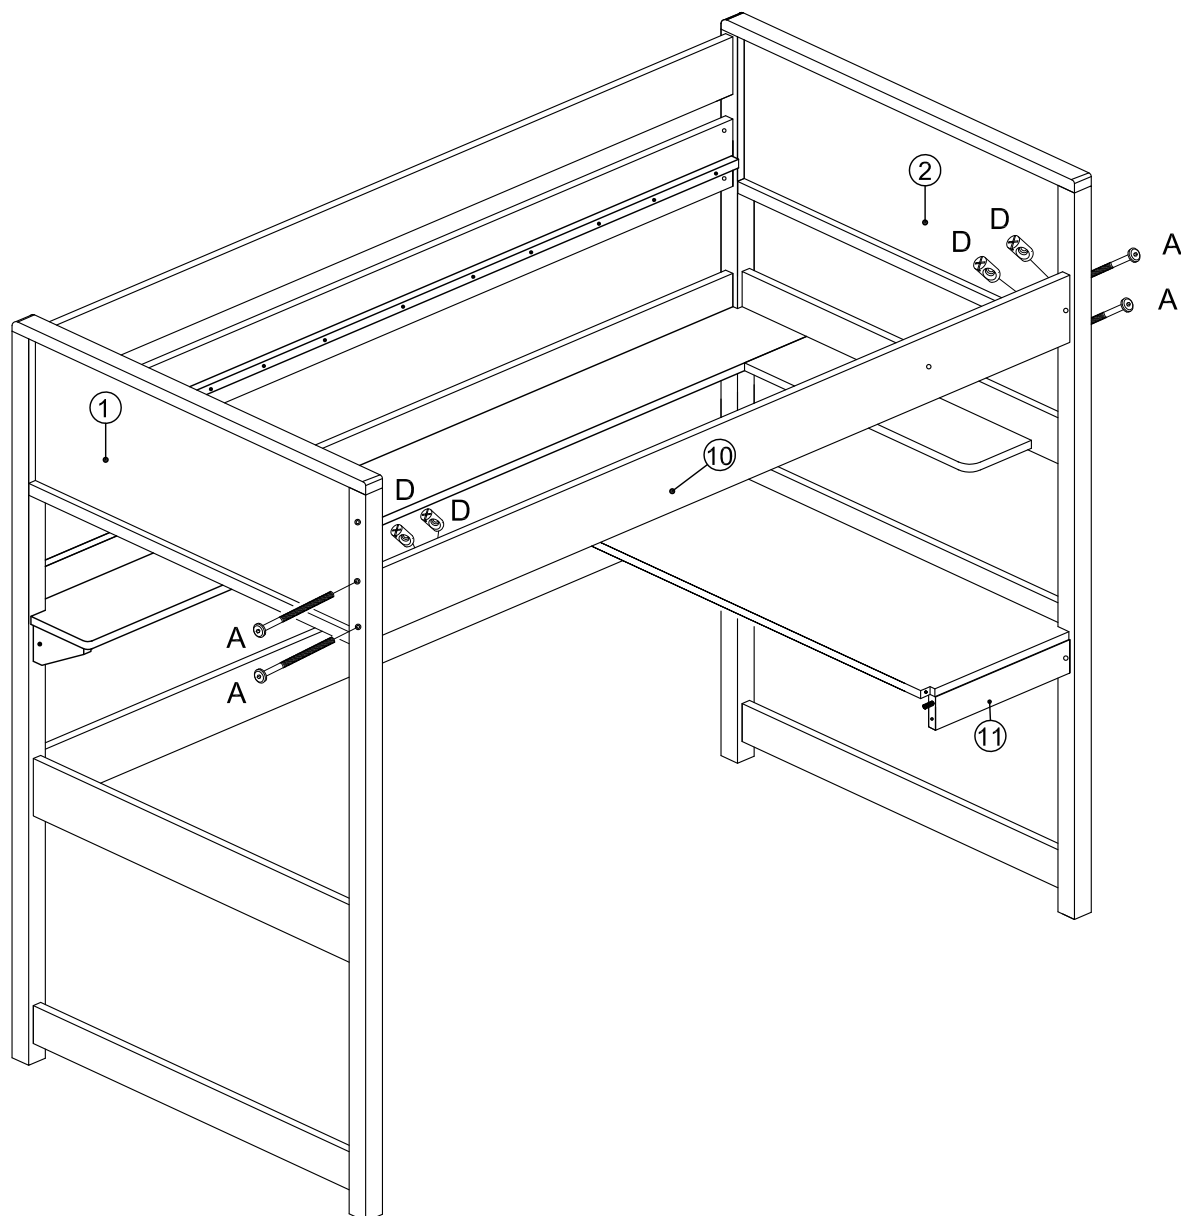

Screws labeled **F** are shown being inserted into the panels to secure them. Arrows indicate the direction of assembly for the drawer front (9) and the cabinet doors (1, 2, 3, 4, 5, 6, 7, 8).
