BEFORE YOU START

Warnings

We suggest you retain these instructions for future reference
 Keep fittings out of children's reach and keep children well away from construction area.
 This product should only be used on firm level ground
 Please periodically check all fittings and re-tighten as necessary
 Please do not jump or stand on your bed
 Avoid exposing the furniture to excessive heat or direct sunlight as this can cause damage to the materials and deterioration of the colour

Do's

We suggest you spend a short time reading through this leaflet before you start
 When you are ready to start, make sure that you have the right tools and plenty of space
 Due to the size of the product we recommend that it is assembled in the room intended for use
 Unwrap all packaging materials and place the components on a clean surface to protect it from damage,
 We recommend that the packaging is used to protect the surfaces during assembly
 Carefully check that you have all the parts before beginning assembly
 Ensure the product is fully assembled as illustrated and all fixings fully tightened before use. Check fixings regularly to ensure they remain tight
 When moving your assembled bed. It is best to lift the bed and never to drag it. Please check that the centre support rail is securely fixed in place
 When adjusting the support legs ensure that the foot is set 5-10mm from the floor surface without the mattress in place. When in use the legs will create the required support for the product
 Never allow any kind of liquid to remain on your furniture.
 Absorption can cause materials to warp or finishes to de-laminate
 Wipe occasionally with a soft cloth dampened with water. Then buff with a dry clean soft cloth

Please note:

In case of using wooden frame and wooden centre support rail, below point should be added:
 Please check that the centre support rail is securely fixed in place
 In case of using metal frame and metal centre support rail with plastic caps, below point should be added:
 Periodically check the condition of your bed slats and plastic locating caps to ensure they are in good condition and have not become loose.

Once the feet have been assembled and attached, they should be adjusted to ensure they do not touch the floor, (5mm above the floor) to allow for movement once the mattress is placed on the bed.

It is important to note that when moving the bed that it is not dragged into its new position to prevent the possibility of these feet being twisted or angled to one side, which could lead to the collapse of the centre of the bed.

To move the bed, remove the mattress and lift the bed into its new position to avoid damage. Ensure the feet are at 90 to the floor before replacing the mattress.
